

PM2

Printing module 2"

PM2 is the **versatile and eco-friendly panel printer thanks to its energy efficient and paper saving** features, with high printing quality, which is used in several backgrounds and tools. Thanks to the possibility of printing on linerless paper and the **automotive ready** function, it is able to meet the market needs. PM2 is also fully compatible with the previous model (PLUS2) both for hardware and software.

CHARACTERISTICS
